President's and Chancellor's Message

Congratulations to the University of Alberta's class of 2009! Today is your day to celebrate the successful outcome of years of study, intellectual growth and personal discovery. It is also a day of celebration for the university and for the particular staff and faculty who have played part in your success. As you move onto the next stage of your life, we hope that the time you have spent learning and discovering with us will prove to be useful and important to your development.

In the future, I urge you to carry with you the foundational values of the University of Alberta formed by our first president, Henry Marshall Tory. At the heart of his vision were two ideals: first, that the modern university should be for the "uplifting of the whole people" and second, that we should pursue whatsoever things are true—*quaecumque vera*.

These two ideals are closely linked, for as we pursue truth, we make discoveries that deepen our understanding of our relation to nature, community, and ourselves. Every day, we are inundated with all kinds of information, ceaselessly delivered via multiple media. Our ability to process this information with good judgment will grow increasingly vital in the future—and it is my hope that you will use your newly attained knowledge and skills in your lifelong exploration of the truth wherever it can be found and wherever it may lead.

Today you become alumni of the University of Alberta, one of Canada's leading post secondary institutions. You join the more than 275,000 U of A alumni who have gone before you and have embraced Tory's ideals and played an extraordinary part in building and serving their communities. Today, I congratulate you as you join their ranks, and like them, bring your own particular gifts to society.

Indira Samarasekera O.C.
President and Vice-Chancellor

The pomp and ceremony of convocation reflects a long tradition of celebrating achievement at university. Each of you devoted years of study and hard work to accomplish your goals and today your proud families, your friends and your teachers all recognize and salute your success. Your dedication and effort have earned our admiration and praise.

You are entering a new and exciting phase of your life just as the University of Alberta enters a new century filled with ambition and hope for the future. Over one hundred years ago, the university was founded on a scrubby piece of riverbank by men and women who believed this province should be built on a foundation of knowledge.

At that time, our founders promised that the university would not be isolated from the world but would share its knowledge and learning with the community to serve the public good. Since those first classes over a century ago, our community has grown beyond the borders of Alberta to encompass myriad cultures, languages and traditions. Today you join more than 275,000 University of Alberta alumni worldwide who are fulfilling the promise of building a better world through education.

Learning to live in peace and prosperity will require leaders and citizens with vision, commitment and drive. Your experiences and the knowledge and skills you have acquired during your university years will help you become those good citizens of the world. We hope they also help you achieve your dreams.

Congratulations. Enjoy your success and your day of celebration.

Linda Hughes, BA, LLD (Hon)
Chancellor

Greetings to the Graduates

I am pleased to congratulate the University of Alberta graduating class of 2009. Alberta is blessed with vast energy, food, and forestry resources, but our greatest natural resource is our people. With an education from one of Canada's most distinguished institutions for learning, you are well-prepared to move forward with confidence.

By confidence, I mean the spirit to achieve while staying true to your values. These are attributes we hold in high regard in Alberta. Your commitment to higher learning is evidence that planning, hard work, and following through are central to your core principles. Our next generation economy will be built on your talents, your knowledge, and your strength of character.

I hope you take the time to celebrate your academic and personal accomplishments, as well as reflect on the friends you have made, the rich campus life you have experienced, and the many opportunities that lay ahead of you.

I wish you all the very best as you continue to pursue the future you envision for yourself.

A handwritten signature in cursive script that reads "Doug Horner".

Honourable Doug Horner
Minister of Advanced Education and Technology

Greetings from Faculty and Staff

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide a system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. To quote Honorary Degree Recipient Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

Our Traditions

Quaecumque vera

"Whatsoever things are true"

The University Motto

Quaecumque vera, is taken from the Latin Vulgate version of the Bible, the Epistle of St Paul to the Philippians, Chapter 4, Verse 8:

*De cetero, fratres,
quaecumque sunt vera,
quaecumque pudica,
quaecumque justa,
quaecumque sancta,
quaecumque amabilia,
quaecumque bonae famae,
si qua virtus, si qua laus
disciplinae, haec cogitate.*

The same passage from the King James version is:

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and there be any praise, think on these things.

The University Coat of Arms

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of

Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of

Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains.

The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: *Quaecumque vera* ("Whatsoever things are true").

The University Colors

The University colors were chosen in 1908 when William Hardy Alexander, a professor of Classics, described his wife Marion Kirby Alexander's idea of choosing the autumn colors of green and gold, which, are resplendent in the river valley below the University. The green also represents prairie and deep spruce forests, symbolic

of hope and optimism. The gold also represents harvest fields and is symbolic of the light of knowledge.

The University Flag

The University Flag has a gold background and bears the shield of the Coat of Arms.

The University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents

power—but the power of knowledge and the importance of the University in the community.

The University Ceremonial Chairs

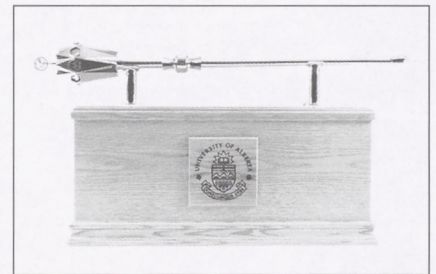

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

University Flag

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

The University of Alberta Cheer Song

*Ring out a cheer for our Alberta
A song of praise to Varsity.
For the splendour of our mountains
Our prairies green and gold.
Ranked beneath whose glowing colours,
Thy legions march enrolled.
Our memories will live forever
Beloved University.
We will fight for thee and cheer
And ever hold thine honour dear.
Our Alma Mater U of A
Green and gold! Quaecumque vera!
Guide us through each coming era,
Guide us on through battle gory
To a new and greater glory.*

Faculty Timeline

1908 | 2009

Convocation

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. The words "I admit you" and the

placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 9 for a detailed description of ceremonial colors.

Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's

sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

Conferring of Degrees

Chancellor Linda J Hughes

The Presentation

The Dean of the Faculty of Arts presents the candidates for degrees with these words:

“Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled.”

The Pledge

The President then addresses the candidates in these words:

“Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?”

Each candidate replies:

“These things I pledge myself to do.”

The Admission

The Chancellor then addresses the candidates in these words:

“By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true.”

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Following the Convocation ceremony, light refreshments will be served in the reception areas on the main floor and first balcony foyers. The University and the Alumni Association cordially invite you to attend.

Those graduates who would like a photograph with the Chancellor may meet her in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Honorary Degree Recipient

CONGRATULATIONS

Jay Ingram

Jay Ingram has had a distinguished career bringing science into the homes of Canadians and is one of the country's best known science journalists. The co-host and producer of the Discovery Channel's *Daily Planet*, Mr. Ingram has a powerful influence on Canadians' understanding of a broad range of scientific issues and the impact that science has on their daily lives.

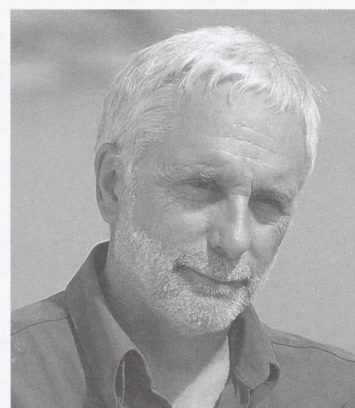

Before joining the Discovery Channel, Mr. Ingram was a familiar voice on CBC Radio, hosting the network's popular weekly science program, *Quirks and Quarks*, for 13 years. There he established his national reputation and earned the trust of Canadians as a leader in exploring the world of science.

His strong grounding in the practice of science, combined with his extraordinary communication skills, make him not only one of Canada's leading journalists, but one of Canada's leading science educators. He writes a weekly science column in the *Toronto Star* newspaper and is the author of 10 books for children and adults. Three of his 10 books have won Canadian Science Writers' Awards. Of his book, *Theatre of the Mind: Pulling Back the Curtain on Consciousness*, *Maclean's* magazine wrote: "In the tradition of Stephen Jay Gould and Oliver Sacks, [Ingram] manages a difficult trick—making the minutiae of science seem alluring to the uninitiated."

Beyond his "day jobs", Mr. Ingram's dedication to science abounds. Committed to exploring new ways of communicating science, he is instrumental in introducing high quality, engaging ways of telling science stories. He hosts science communication weeks during the summer, providing science "master classes" and making himself available as a sounding board for other scientists or researchers. His dedication to finding new ways to bring the sciences into the public consciousness led him to take on the role of program chair for the Banff Centre's Science Communications program. The program explores new frontiers and fosters excellence and creativity for science communicators in Canada and around the world. Mr. Ingram's goal for the program is to have students return home inspired and ready to stretch science communication to new limits.

In 1984, he received the Sanford Fleming Medal from the Royal Canadian Institute for his work popularizing science. He also won a Distinguished Alumni award from the University of Alberta in 1996. He earned the Royal Society of Canada McNeil Medal for the Public Awareness of Science in 1997 and in 2000 he received a Michael Smith Award for Science Promotion from the Natural Science and Engineering Research Council of Canada.

In addition to Mr. Ingram's other awards, this July he became a Member of the Order of Canada "for his leadership of future generations of science journalists."

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Jay Ingram:

Andrew Pritchard. *The Microscopic Cabinet of Selected Animated Objects; With a Description of the Jewel and Doublet Microscope, Test Objects, &c.* London: Whitaker, Treacher, and Arnot. 1832.

Pritchard was an optician by trade who wrote several books on microscopy. This work combines practical and technical advice with commentary on the results and organisms studied. The added commentary by CR Goring, MD provides Memoirs on the Verification of Microscopic Phenomena, and an Exact Method of Appreciating the Quality of Microscopes and Engiscopes. Thirteen engraved plates are included of which ten are delicately hand-coloured. The book is bound in contemporary half-calf with marbled sides.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Conferring of Degrees

Chancellor Linda J Hughes

The Presentation

The Dean of the Faculty of Graduate Studies and Research presents the candidates for degrees with these words:

“Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled.”

The Pledge

The President then addresses the candidates in these words:

“Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?”

Each candidate replies:

“These things I pledge myself to do.”

The Admission

The Chancellor then addresses the candidates in these words:

“By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true.”

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Concluding Remarks

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Following the Convocation ceremony, light refreshments will be served in the reception areas on the main floor and first balcony foyers. The University and the Alumni Association cordially invite you to attend.

Those graduates who would like a photograph with the Chancellor may meet her in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Honorary Degree Recipient

CONGRATULATIONS

Honourable Kevin G Lynch, P.C.

The Honourable Kevin Lynch, P.C., is one of the most accomplished public servants of his generation. In over 30 years of public service, he has played a critical role in advancing Canada's position on the world stage and in the global marketplace.

A graduate from McMaster University with a PhD in Economics, Dr Lynch served as a thoughtful and articulate champion of Canada's social and economic prosperity through the promotion of sound public policy and investments in education, innovation and excellence. He was a key architect in Canada's economic recovery in the mid 1990s, helping to move the country into a 12-year cycle of surpluses and debt repayment.

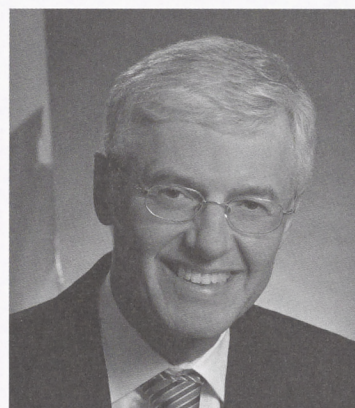

During his career, he spearheaded Canada's "innovation agenda" as a response to recognized challenges in Canada's productivity and competitiveness, including our country's ability to attract and retain human talent. As Deputy Minister of Industry, he championed internet access for schools and new initiatives such as the Canada Research Chair program. His advocacy in support of the Canada Foundation for Innovation and, more recently, the Vanier Scholarships and the Canada Excellence Research Chairs has helped to transform the research landscape in post-secondary education. These visionary investments have attracted thousands of new faculty members to Canadian universities, turning what used to be a "brain drain" into Canada's "brain gain."

As Deputy Minister of Finance, he initiated a forward-looking shift in focus from deficits to productivity and was involved in a number of the deficit and debt reduction policies that led to successive budget surpluses which, in turn, enabled new program spending. He has been consistently careful to outline the connections between economic and social policy, noting the impact of immigration, education and income-support programs along with tax and trade policies. An advocate for the first health-care accord in Canada, he regularly pursued innovative and effective ways to seek out regional input in a meaningful and constructive manner.

As Clerk of the Privy Council, Secretary to the Cabinet and Head of the Public Service of Canada from 2006 to 2009, he spearheaded the renewal of the public service to ensure our best and brightest people will be engaged in the development of sound public policy in the future.

Dr Lynch has said, "We live in a world where the engine of growth is the human mind, building products, offering services and creating whole new industries on the strength of an idea...research and development are more critical than ever to pushing forward the frontiers of knowledge."

In 2009, Dr Lynch was appointed a Privy Councillor for Canada. His visionary efforts to establish a prominent role for Canada in the global knowledge economy reflect a lifelong commitment to the pursuit of excellence and the highest ideals of service to the public good.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Honourable Kevin G Lynch, P.C.

Daniel Defoe. Essays Upon Several Projects: or, Effectual Ways for Advancing the Interest of the Nation... London: Thomas Ballard, 1702.

This important book is Defoe's first major work and it established his reputation as one of the most profound thinkers of his day. He was a keen observer of social conditions, and his writings influenced contemporary social life and culture in remarkable ways. Originally printed in 1697 this volume is a re-issue of the original sheets with a new title page. The 1702 Ballard edition is exceedingly scarce, which is confirmed by the Online Computer Library Center's catalogue that shows only eight extant copies in libraries from around the world.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Invocation

Convocation Address

Dr Catherine Roozen

Conferring of Degrees

Chancellor Linda J Hughes

The Presentation

The Dean of the Faculty of Graduate Studies and Research presents the candidates for degrees with these words:

“Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled.”

The Pledge

The President then addresses the candidates in these words:

“Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?”

Each candidate replies:

“These things I pledge myself to do.”

The Admission

The Chancellor then addresses the candidates in these words:

“By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true.”

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Concluding Remarks

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Following the Convocation ceremony, light refreshments will be served in the reception areas on the main floor and first balcony foyers. The University and the Alumni Association cordially invite you to attend.

Those graduates who would like a photograph with the Chancellor may meet her in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Honorary Degree Recipient

CONGRATULATIONS

Catherine Roozen

Cathy Roozen is an influential business leader who has been a leading advocate for the contributions of advanced health care, health-related research and post-secondary education to the city of Edmonton's emerging identity as a creative and innovative community.

Ms Roozen landed her first job after university as a teller at the south Edmonton branch of North West Trust. She rose to the position of Vice-President, Investments, and since leaving the company has been a director of corporations such as the American Bank of Commerce and Shaw Communications Inc. She is currently Director and Corporate Secretary of Cathton Investments Limited and a director of the Allard Foundation, a family foundation that has supported a variety of Alberta charities and institutions for more than 20 years, including the Alberta Asthma Centre and the Women in Scholarship, Engineering, Science and Technology (WISEST) program. She is a board member of Melcor Developments Ltd. as well as Corus Entertainment, one of Canada's most successful integrated entertainment and media companies.

Deeply committed to her community, Ms Roozen co-chaired the campaign to build Compassion House for people with breast cancer and volunteered for the strategy council of the Mazankowski Alberta Heart Institute. Her support for the University of Alberta began in 1991 with the Institute for Stuttering Treatment and Research. She also helped create the Cathy and Harold Roozen Experimental Oncology Fellowship Fund. She is one of those rare public citizens who champion the importance of basic research as the foundation that launches clinical advances in medicine and rehabilitation medicine.

Generous with her time as well as her expertise, Ms Roozen served as a director during the formative years of the Shock Trauma Air Rescue (STARS) Society. She also served as one of three volunteer co-chairs for one of the first major University of Alberta fundraising campaigns. As a public member of the University's Board of Governors from 1998 to 2004, she was influential in charting the University's course on a path of internationalism, earning a reputation for her wise counsel and excellent business acumen.

Ms Roozen has a unique ability to bring institutions together to pursue common goals, and she helped forge important connections between the University of Alberta and the former Alberta Cancer Board. A careful listener with outstanding expertise in governance, she was recently appointed to the Board of Directors for Alberta Health Services.

In 2005, she received a Woman of Vision Award from Global Television and an Alumni Honour Award from the University of Alberta. Ms Roozen is a quiet and insightful leader who believes passionately in the importance of health and education. Her tireless efforts will have a powerful and lasting impact.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms Catherine Roozen:

Maria Georgina Grey (formerly Shirreff), and Emily Shirreff. Thoughts on Self-Culture, addressed to Women. London: Edward Moxon, 2 vols. 1850.

This first edition is an important work on female independence. The author and her sister promoted the idea of female mental cultivation and had a profound influence on the advancement of women's education in the second half of the nineteenth century. They were actively involved in developing better secondary education for girls and established the Women's Education Union as well as MG Training College for secondary school teachers. They strongly opposed conventional conceptions of femininity and argued vehemently for female suffrage and wider career opportunities for women. The two volumes are bound in original publisher's purple cloth.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Poetry Contest

The U of A Alumni Association is pleased to sponsor a poetry contest each year for students in their graduating year. The theme of the contest for 2009, was “Dare to Discover”. The following are the winning entries, *Reconcile* submitted by Shravya Yeragani who graduates this year with a Bachelor of Arts in Mathematics and English and *two stories* submitted by Siri Bright who graduates this year with a Bachelor of Arts in Spanish and English.

Reconcile

the art of science
and
the science of art
both have blown this blossom
into her hands;
together
they unfurl its petals

as
cool amber sand and warm white raindrops
mingle in an inky torrent, a black whirlwind;
louder, unchecked, they
caress each other until they
forsake their identities

but this the secret lightstorm,
whose elements
that unyielding Ivory-Towering form
might
segregate anew,
in its freeform fetters
dimming motion and binding hue,
silent, symmetrical, plastic, cyclic

and she leaves its walls,
satisfied,
while
enclosed within the weathered bloom
lie linear space and interlace
Reconciled.

two stories

the box
that locks up
my pen
again and again
I fight
pregnant with fear
to surrender
to render
the secrets of

the unknown

there is no knowing the unknown
knowing knows only knives
killing the mind
swallowed by the geometric
tic toc tic toc
tictoctictoc tic
Toc
Stop

Deep colorful breath spirals through
Flesh and fuels
Surrender
Not like a white flag in the face of defeat
but a white cape removed as defeat is faced
Nakedness emerges
As a new way of being
Allow her to divulge her secrets
Risk with surrender to attend to adventure
With adventure life brings wisdom
and serenity

The box unlocked in breath
into the vastness of the moment

Welcome to the Alumni Association

Because your degree is only the beginning...

As a graduate of the University of Alberta, you are part of the University's worldwide alumni family, now more than 200,000 members strong, playing leading roles in their communities and in the world. Internationally known U of A alumni include former Canadian Prime Minister Joe Clark; former World Conservation Union President Jay Hair; Nagoya University founder, the late Yuichi Kurimoto; former Alberta Premier Peter Lougheed; and Nobel Prize winning physicist Richard Taylor. All around the world, your Alumni Association can help you with services, contacts, and news from your alma mater, so stay in touch!

Exclusive Benefits and Services

As a new alumnus you're probably wondering what the Alumni Association can do for you. In short, we're here to help. We want to help you save money, keep in touch, see the world, and get all the recognition you deserve.

Save money

Go to Vegas, get your nails done, sponsor a foster child, tip your waitress, but don't overspend on insurance. As a U of A alumnus, you can get great home, auto, health, life, and dental insurance rates, so you can spend the rest of your money the way you want to.

Keep in touch

Sign up for your free lifetime alumni email account and join the Online Community and let your former classmates know where you are and what you're doing with your degree. Visit www.ualberta.ca/alumni for more details.

Mad props!

Each year the Alumni Association recognizes some of our outstanding alumni with awards. Narrowing the field is a tough job given the caliber of all of our grads, so help us out by nominating an exceptional alumnus – like you!

Move, shake

Rub elbows with fellow U of A grads at parties, receptions and special events – it's a great way to network, keep in touch with old friends, and make new ones. The Alumni Association works with your classmates to arrange a reunion every five years, but you don't have to wait that long to reconnect – come to a happy hour "shindig," bring a date to an alumni theatre event, or join a crew of alumni volunteers on a Habitat for Humanity building site.

Life 101

We know the learning curve doesn't level out after graduation, which is why we offer seminars and workshops to address some of the issues that don't get covered in school.

They include:

- Debt-Management Seminars
- Income Tax Workshops
- Home-Buying Seminars
- Investment Seminars

Get out of town

The Alumni Association offers a number of travel opportunities for grads, from outdoor adventure trips in British Columbia, to luxury cruises on the Panama Canal. For the independent traveler, the Online Community includes travel advice from alumni living abroad – get in touch and get travel tips from someone who's been there!

Chapters of the Alumni Association

Chapters exist to maintain connections between alumni from specific faculties or clubs on the University campus. Volunteer opportunities exist for alumni interested in maintaining and building upon valuable university contacts through these Chapter activities. Contact can be made through the Office of Alumni Affairs.

Branches of the Alumni Association

While approximately forty percent of our graduates live in Edmonton and nearby communities, alumni live, work, and make their impact felt in countries in all corners of the globe. There are alumni volunteers in more than forty communities around the world, providing social and career contacts to graduates moving to a new area. Chances are, wherever you end up after graduation, there's a branch of the Alumni Association there. If not, maybe you should start one – ask us how!

If you can, please share this program with a companion.
Then, if you do not take it home, please leave it (in good
repair) on the table by the doors as you exit. This will help
us ensure that someone else can use it on another day of
Convocation, and subsequently conserve paper.
Thank you for your assistance.
